- CONCLUSIONS: School lays the foundation for a successful journey through life.

PRINCIPAL'S MESSAGE . . .

"The heavens declare the glory of God"—and since the beginning of recorded time, mankind has dreamed of reaching right up to the stars.

Scientists today are talking in terms of journeys to the moon, but to journey to even the nearest star is not within the imagination of our most advanced technicians. Thus our school motto Usque ad Astra still represents the search for the ideal and under the influence of that motto our students are urged to ascend the ladder leading to the stars. There are many rungs to that ladder but the four principal ones are that you grow in knowledge and wisdom, that you develop a healthy body and mind, that you find favor with your fellow man, and that you find favor with God. In the long history of man no one has ever attained the ideal—but the reward comes with the effort put forth. "A man's reach must exceed his grasp—else what's a heaven for?"

If you can't be a highway — then be a trail;
If you can't be a sun — be a star.
It isn't by size that you win or you fail—
Be the best of whatever you are.

Our sincere good wishes for success now and in the years-to-come go to all those who graduate this year, and in particular to those who helped to produce this Torch, the printed record of a year's striving towards the stars in St. John's High School.

OUTSTANDING STUDENTS

GOVERNOR - GENERAL'S MEDAL

MARION AFTANAS

The unanimous choice for the honour of receiving the Governor-General's Medal was Marion Aftanas.

Marion has ably served the students of St. John's this year as President of the Students' Council, as promoter of the Christmas Cheer Project, and as an active participant in the dancing act at the School Concert. He has been a loyal supporter of all school activities, and has consistently maintained a high average in his academic work in the last two years.

Nor have his energies been restricted to happenings in and around St. John's. Marion was a great source of strength to the Inter-High School Council, and must be credited with no small share in the success of the concert sponsored by this organization. Wherever the need, he has been unsparing in using his initiative, and his gifts for leadership and co-operation.

As to the future, we feel confident that he will carry into his chosen profession, law, the same qualities with which he has so well served his school, and that in the years to come St. John's will count him amongst its most honoured graduates.

STAFF AWARD

FRED COOPERSTOCK

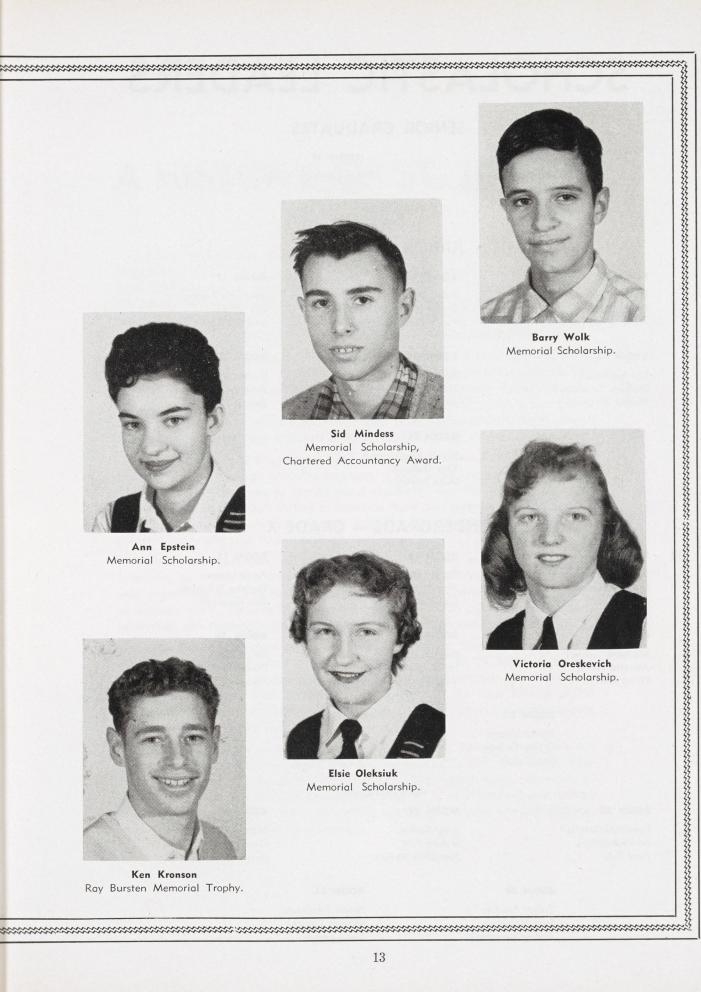

Fred Cooperstock is the winner of the Staff Award for 1956-7. During the year, Fred's average was 84%, including an enviable 100% in Mathematics both at Christmas and Easter. His marks in all subjects reveal his scholastic ability, aptitude and conscientiousness.

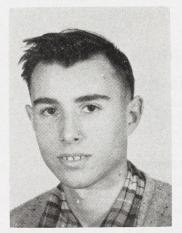

Fred was fortunate to have spent two interesting years in Israel, where he gained much valuable experience. Perhaps this influenced, to some extent, his outlook on life as he has a profound and philosophical mind. He was an excellent choice as representative from St. John's at the Mock United Nations Assembly.

In the school's extra-curricular program, Fred was a member of one of the curling rinks; his hobbies are chess and photography. Year round St. John's students have seen Fred with camera in hand, at various school functions—ready to take candid shots for our year book.

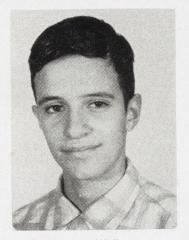

His participation in school activities, his quiet, exemplary department, his high academic standing and likeable qualities make Fred a worthy recipient of the Staff Award.

A HISTORY OF ST. JOHN'S

1909 - 1957

Many years have elapsed since St. John's had its beginnings on the second floor of Luxton School. In that year, 1909, the school boasted ninety-eight students and a staff of four teachers! Mr. A. C. Campbell succeeded Mr. W. A. Garret as principal. The school colours of orange and brown were chosen at that time. Nineteen hunderd and twelve marked the transfer of St. John's, then consisting of grades one to twelve, to its present site.

Mr. G. J. Reeve was moved up from the ranks of the teaching staff to the principalship of St. John's in 1925. Student responsibility became the by-word and the first student council was organized. In the following year, the first Tech yearbook "The Torch" appeared, and St. John's became a senior high school. Until the early thirties, Tech dominated the high school sports world winning high honours in basketball, football, and track and field.

Thus the school progressed until 1935 when, after a re-evaluation of the objectives of a high school education, a new experiment was attempted. The main objective was to create good students, and the experiment gave the students many opportunities to exercise their own judgment. The assignment system was adopted and formal and informal periods commenced. The school library was also re-established.

With the outbreak of World War II in 1939, many students and teachers, as in the first World War, joined the armed forces. A cadet corps was organized, and the Red Cross and War Efforts Committee were set up to aid war work. Despite the war-time confusion, Tech continued to present operettas, win rugby championships, and retain a high academic standing.

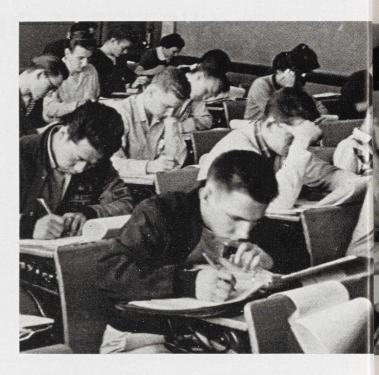

The St. John's Home and School Association was founded in 1941 with Alistair Stewart as its first president. In 1945 Mr. D. N. Ridd, a former teacher at St. John's, became the school's first vice-principal. A permanent award system (bars) was devised in that year, and the first edition of Hi Freshman printed. The flood of 1950 caused the evacuation of Tech students to Isaac Newton High School.

Mr. G. J. Reeve retired in 1952 after devotedly serving St. John's for 27 years in the role of principal. He was succeeded by Mr. J. E. Ridd while Miss A. M. McCord became vice-principal. Two years later, however, ill health forced her to relinquish the position and Mr. L. A. McIntyre was named the new vice-principal. And so St. John's continues to serve the community, producing many outstanding citizens.

STUDENT COUNCIL HAS MANY NEW INNOVATIONS

MARION AFTANAS President

ISABEL TREPEL Vice-President

ELAINE CHARACH Secretary

The fine traditions of the Student Council inaugurated by Mr. G. J. Reeve in 1926 were upheld in 1956 - 1957 in the true spirit of councils from previous years.

The Student Council was officially started late in September when the school elections were held. Marion Aftanas was elected President with Isabel Trepel Vice-President. The first meeting was held early in October with the Council choosing Elaine Charach as Secretary. A number of standing committees were also chosen at this meeting.

The first project undertaken by the Student Council was Christmas Cheer. It was decided that someone outside of Council should assume the heavy responsibility of organizing this project. All concerned thought they made a fine choice in Judy Micay, who by her diligent efforts, equalled if not surpassed the good work of previous Christmas Cheer Committees. Council, however, undertook to present the gigantic Christmas Cheer Prom, which was held in November with Jack Shapiro's orchestra and a host of entertainers. The Social Committee, headed by Elaine Charach and Isabel Trepel also did a wonderful job in making the Sophomore dance in March a great success. Arnold Kapitz, the publicity chairman, was kept 'busy publicizing these social events.

A study room was supervised by the Council before the Christmas and Easter exams. Each Council member took charge of the study room at least once during the weeks prior to the exams. Another noon hour project sponsored by the Council was the dancing held in the school auditorium on Mondays, Wednesdays, and Fridays during the winter months.

Because of the many comments made during the year pertaining to student business, a suggestion box was placed outside the Torch Room. There were many valuable suggestions made by the students which were put into effect during the year.

A Council report was started this year with a regular Friday report over the P.A. system made by the President reporting to the students exactly what the Student Council had done at its meetings.

School sweaters, in the latest style, were brought back to St. John's. The sweaters proved very popular as almost one-third of the student population purchased them.

Many other projects, too numerous to mention, were also undertaken by the Student Council. They were not always successful, but did their best to line up to the inspiring School motto "Usque ad Astra."

CHRISTMAS CHEER UPHOLDS TRADITIONS

St. John's Christmas Cheer originated in 1948 when the Student Council decided to aid Europe's needy inhabitants by staging drives for clothing, soap, and money, in northend schools. This project was organized by the school president, Walter Lampe. St. John's has continued this worthwhile event throughout the years. Since 1948 it has been our tradition to distribute hampers to the needy and help spread goodwill at Christmas time.

This year, under the chairmanship of Judy Micay, and the guidance of the Student Council, the Christmas Cheer program began in full swing. Due to the co-operation of the students, it was not long before the hampers were filled and distributed. Many letters thanking the participants of the Christmas Cheer drive for their generosity were received and forwarded to the students.

A Christmas Cheer Prom, sponsored by the Student Council, was held in the school auditorium on Nov. 22, to help finance the Christmas Cheer project. The entertainment was provided by the Neville Sisters and the fabulous Swingtones. This dance not only aided the project financially, but also proved to be one of the best social events of the year.

On November 20, Room 37 sponsored a Tag Day in aid of the Christmas Cheer drive. Their motto, inscribed on the tags, was "Help Xmas Cheer Fill the Stocking." Room 37 would like to thank all those who contributed to this worthy cause and helped make their Tag Day a success. Special credit should be given to all the taggers and especially to their Xmas Cheer Chairman, Estelle Rosenbaum. The money was used to buy clothing and food for the hampers.

It is hoped that this annual Christmas Cheer drive will continue to be a success in future years.

INTEREST IN HOME AND SCHOOL REVIVES

The St. John's Home and School Association considered disbanding early in the season due to lack of parental support. However, at a special emergency meeting which was well attended, it was unanimously decided to continue.

Mr. G. J. Reeve, a former principal, was guest speaker at the initial meeting. He spoke on the importance of parents taking an interest in the school. At the December meeting, a film entitled "Farewell to Childhood" was presented. Miss Doris Baker of the Faculty of Education at the University acted as commentator. One of the most successful meetings was held in March when the parents were invited to visit the teachers in their classrooms. Refreshments were then served.

The Home and School executive consisted of:

President	Dr. I. Wolch
Vice-President	Mr. A. Micay
Secretary	Mrs. S. Katz

SCHOOL TEA SUCCESSFUL

On November 7, the annual school tea was held under the capable direction of Miss Baig. The school auditorium was smartly decorated with circus designs and animals. This gave the tea a warm and friendly atmosphere.

The guests were received by Mr. and Mrs. J. E. Ridd, Mr. and Mrs. L. A. McIntyre, Marion Aftanas and Isabel Trepel. In the afternoon the table serving and dish washing were directed by the women and girls, while in the evening the men and boys undertook these duties.

The Home Cooking table and White Elephant Stand added to the profits of the tea. Special credit can be given to all the participants of the tea who helped make it a success both socially and financially.

ROYAL WINNIPEG BALLET

The airls of St. John's were treated to a preview of the Royal Winnipeg Ballet's new ballet entitled "Rondelay." The graceful motions and intricate footwork of the ballet stars impressed everyone. Mrs. Ferally, head of the ballet, described the life of a dancer and answered questions asked by the girls.

BAND VISITS TECH

On February 13, the R.C.A. (Royal Canadian Artillery) Band presented a concert for the grade nine and ten classes. The classes assembled in the school auditorium and were treated to a concert of many enjoyable and familiar tunes. The Band was the A, North Prairie Command, and was conducted by G.O.C. Major-General W. J. McGill, D.S.D., C.D.

SCHOOL

REMEMBRANCE DAY

On November 9th, St. John's held a Remembrance Day Service. This day was set aside by the students to pay tribute to those who gave up their own lives that others might live in

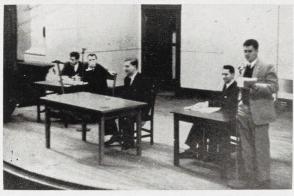

The service opened with the singing of "O Canada" and then proceeded with the recital of "For the Fallen" by Mr. Mc-Intyre. The Lord's Prayer was repeated by all. The girls' choir sang "He, Watching Over Israel," and an address concerning Remembrance Day was delivered by Mr. Ridd. Jacqueline Hyman recited "In Flanders Fields," and Marion Aftanas read "High Flight." The service drew to a close as the students joined in singing "O God, Our Help in Ages

Past." The customary two minutes' silence concluded the service.

VOCATIONAL TALKS

This year, in place of having one specific Careers Day, vocational talks were given throughout the year. Several people who were considered "tops" in their fields spoke at St. John's. The professions discussed included social work, education, pharmacy and child psychology. These talks proved beneficial to all who heard them.

MODEL DEBATE

An interesting and informative model debate was held in the school auditorium after Christmas holidays. The students of St. John's were fortunate in hearing four law students debating the topic "Resolved that capital punishment be abolished". These four students from the University of Manitoba were Blair MacAulay, Sheldon Zitserman, Hersh Lerner and George Goulet.

PRO BASKETBALL

During the early part of January, Dick Garmaker and Eddy Kalafel of the Minneapolis Lakers, who were playing a regular league game in Winnipeg against the Fort Wayne Pistons, visited St. John's. Both of them gave a short talk on developing basketball skills. This was followed by an enjoyable question and answer period.

HIGHLIGHTS

BARS AND AWARDS

This year the Bars and Awards Committee—Barry Wolk and Leona Shwaykoksky—were guided by Miss Collisson in their work of collecting individual points for bars and "J" awards. On Awards Day early in March, over one hundred students received bars based on their Christmas averages and pre-Xmas activities. The "J" awards, pins, and rings, were awarded at the Graduation service.

On February eighth, the University of Manitoba played host to Winnipeg High School students. Representatives of each faculty ushered the visitors through tours of the vast campus. Later an assembly was held. Welcome speeches were delivered by Dr. H. Saunderson, President of the University, and Julius Koteles, President of the Manitoba Student's Union. Entertainment was provided by several university students.

TEENMAN

TECHONIAN INCREASES CIRCULATION

Taking its name from former publications, the Technonian made its initial appearance at St. John's in early November and continued to the end of the year.

The first plans for the paper were formulated last spring when Dale Smith and Evelyn Malian were appointed Editor and Business Manager for the coming year.

A few short weeks after the commencement of the school year, applications were accepted from those wishing to be connected with the paper. The response was excellent and a staff was chosen. Before appointing any editorships, it was decided that for the first issue each member of the staff would receive an assignment. Their efforts were printed and carefully studied. Then the various positions were appointed. They were as follows:

Features Editors—
Rochelle Rosenberg
Phyllis Lichter

News Editors—
Ann Epstein
Helen Frank

Sports Editors—
Ken Filkow
Alvin Breitman
Rochelle Karp

Club Editors—
Jacky Hyman
Marcia Shuckett
Literary Editor—
Elaine Silverman
Reporter—
Marianne Elliot
Typists—
Carole Shell
Lorraine Marmel

Marcia Greenberg
The illustrations and cartoons were
done by Ronnee Himelstein, Estelle
Rosenbaum and Frances Freund.

Some members of the staff showed unusual literary ability. All proved to be highly co-operative and dependable.

With each issue the writing of the staff improved and we attempted to cover not only all school activities but other news as well. Several columns made their debut at St. John's. These included The Latin Quarter, which was designed to give those studying a foreign language a chance to put their knowledge to use, Council Capers, which gave a report on the activities of both the Inter High and St. John's Student Council, and Personality Plus, which gave the students an opportunity to read about their fellow students who were outstanding for either their academic or extra curricular achievements.

Due to the fact that the Techonian was mimeographed we were able to boast of having one of the largest and least expensive high school papers in the city. At a price of tive cents for nine full pages, the students did not hesitate to buy their copies. The sale of papers increased with each issue. Approximately five hundred copies were sold each time.

In order to improve the appearance of the paper a coloured first page was introduced. Yellow and brown were chosen with yellow as the background and the masthead in brown. This idea definitely improved the appearance of the paper and was used in the succeeding issues.

The staff wishes to extend its appreciation to Mr. Romanow, our enthusiastic staff advisor, and to Mrs. McGrath and Mrs. Mirus, for their untiring efforts and inexhaustable patience. There are many others who gave their time and effort, so that the Technonian could be produced.

We sincerely hope that this year's Techonian will inspire students in following years to keep up the production of our own newspaper. We have attempted to uphold the standards of fine newspaper writing and in some way contribute to the success of this school year.

SOCIAL FROLICS

THE FRESHIE DANCE - SEPT. 21

One of the year's most successful social events was the annual Freshie Dance. There was an added feature to the dance this year, instead of having judges, the queen and her princesses were chosen by the students attending the dance. The lovely queen, Lorraine Huzel of 23, was crowned by Dale Smith, last year's Freshie Queen and was presented with a beautiful bouquet of red roses. The princesses were Adrienne Stall and Marilyn Rogers. Dave Brody, of CJOB was master of ceremonies; the "Townsmen" entertained during the counting of the ballots. This evening will be long remembered by all.

GYM DANCE - NOV. 16

On November 16, the school auditorium provided the setting for a dance organized and supervised by Miss Ritchie and Mr. Pastuck, our gym teachers. All the grade ten classes and Room 18 were invited to take part in this enjoyable evening. A tango and jive contest hilighted the night. Prizes were awarded to the lucky winners. Various dance steps were then demonstrated by representatives of the McConnell's Dancing School. All the students formed a giant congo line and proceeded to the basement where cokes and doughnuts were served. Social dancing brought this gala event to a close.

THE SOPHOMORE DANCE — MARCH 22

The Sophomore Dance provided a last fling for Tech students before the Easter Exams. Social dancing continued until the Sophomore Queen candidates, clad in their beautiful gowns, paraded before the judges who included two stars of the Blue Bombers and a past president of Tech. The evening was highlited by the crowning of the Sophomore Queen of '57, Paula Roseman of Room 16, by Shelley Thompson, last year's Sophomore Queen. The lovely princesses were Betty Ralph of Room 12, and Nessie Gitelman of Room 37. Entertainment for this sparkling event was provided by the Cavaliers. Refreshments were served and all too soon an entertaining evening drew to a close.

THE TORCH DANCE - MAY 10

The Torch Dance held on May 10, was one of the big events of the year sponsored by the Student Council. The evening commenced with dance variations such as tangos, rhumbas and jives. Eaton's Band Box provided the music and the Hi-Teens, a comparatively new quartet, furnished the entertainment. The object of the dance was to help finance the "Torch." Council would like to thank all who helped to make the dance a great success.

Lorraine Huzel of Room 23 is crowned Freshie Queen by Dale Smith. Her princesses Marilyn Rogers and Adrienne Stall are beside her.

CLUBS . . .

DANCE GROUP

After months of anticipation, the dance group made its appearance at St. John's. The group, comprised of girls and boys, worked hard in preparation for the Variety Concert. Their performance consisted of ballroom dancing, Dances of the Isles and a display of rhythmic exercises. Their efforts were not in vain for they proved to be one of the highlights of the show. The success of the dance group was largely due to the untiring efforts of Miss Ritchie.

TUMBLING

The St. John's Leaders' club got under way in mid-November and meetings were held in the study periods Mondays and Thursdays.

Under the capable guidance of Mr. Pastuck, it was not long before the whole group showed great improvement. Frank Miller, Jack Ziyone and Ian Yamron advanced into more difficult tumbling, such as master handsprings, headsprings and extensions.

An exhibition of tumbling was given at the School Variety Concert and other shows were presented later in the year.

CHESS

The game of chess has always been popular at St. John's and this year proved no exception. The members of the chess club spent their noon-hours on Monday and Friday pondering over a chess board. Elected to the executive were Sid Mindess and Barry Wolk. Their mumblings—"If I move here, then he moves here," or "no, maybe this would be a better attack"—were often heard. Perhaps a future chess champion may evolve from this club.

CURLING

The curling club began the 1957 season with many new recruits. Elected to the executive were Harvey Resnick, Terry Lysaichuk, Mel Kliman, Arnold Pollock, and Marcia Greenberg.

The big event of the curling season was the High School Bonspiel in which St. John's was represented by a rink skipped by Allan Zajac. An added feature this year was the Inter High Knockout Tournament, which TECH won.

Knockout Tournament, which TECH won.
The rink, skipped by Bob Lemecha, went through the tournament undefeated.

CHEERLEADING

Although the "Tigers" were not successful in winning the championship, the cheerleading squad which consisted of Lois Cindler, Joanne Kucher (Captain), Carolyn Margulius, Mary Ann Meder, Helen Obrotza, Vicky Oreskiewich, Nan Saville, Jackie Wise, and Lorna Wrobel put on sensational performances at the games. At the Red Feather Tournament they placed second in a contest of all the high school cheerleaders. This year the squad managed to get new skirts and even got together a couple of new yells.

FENCING

Every Thursday evening a group of eager students meet in the gym to learn the fundamentals of the intricate art of fencing. Doug Summers, the skillful instructor of previous years once again resumed his position. Shirley Johnson and Ed Letinsky, "Old Timers" in the club, acted as officers. Gay Markson, a newcomer to this deft art, was elected secretary. The club expanded and admitted fencers from other schools. By February the club had received enough instruction to begin bouting.

BOWLING

The St. John's five-pin bowling league rolled into action early in October. Every Thursday Cooper-Mosienko Alleys became crowded with eager bowlers. The high averages of this Intramural League were held by E. Starsiak and T. Pesclevich. Honourable mentions go to A. Nicol, S. Hearn, and S. Mindess.

The league was under the supervision of President Bill Motyka and Secretary Veronica Piasecki. The success of the league was assured by the bowling staff advisors, Mr. Laycup and Miss Baig.

RED CROSS

This year, although the entire school body was enrolled in the Red Cross Organization, there was also a separate club formed. This club discussed the meaning and the work done by the Red Cross and also acted as an executive in carrying out Red Cross projects.

The main project this year throughout the high schools was the annual Blood Donor Drive. Under the capable guidance of the president, Bob Lithown, the club members helped make the blood drive a great success.

SQUARE DANCE

The square dance club was organized in October of '56 under the supervision of one of St. John's finest square dancers, Mr. Romanow. He guided the club from noisy novices to a group of experienced square dancers able to execute the most difficult steps.

The executive consisted of: Ernest Slutchuk, Arny Pollock, Harvey Ackerman, George Slutchuk, and Max Levenstein. Their management of club affairs and the co-operation of the members made this club very successful.

INTERNATIONAL

At the initial meeting of the International Club, Alvin Breitman and Sheldon Hearn were chosen officers. The members discussed the "Middle East Affairs" and "Hungarian Situation." The aim of this club was to try to reach a better understanding of the world and the problems we, as the younger generation, face today, for "Foreign problems are our problems."

The members of the club felt that it was an informative and worthwhile activity.

DRAMA

Although the drama club commenced late this season, it enjoyed an extremely busy year. A one-act play, "Pride and Prejudice" was prepared. In addition to this, the group held regular meetings to discuss drama and makeup. Under the able guidance of Bryan Dobbs, a St. John's graduate, and Jackie Hyman, the club proved to be an asset to St. John's. The members hope that drama will prosper greatly in the future and remain a permanent club.

DEBATING

Many years have elapsed since a debating club was formed at St. John's. However, some enthusiastic "would be debaters" organized the club early this season. The topic of the first debate was "Resolved that the new liquor laws will encourage a greater consumption of alcohol." The affirmative triumphed. Our able advisor Miss B. Ross gave us a brief outline on fundamentals of good debating.

Highlighting the debating year, the University Debating Society staged a debate in our auditorium.

NIGHTFALL

The wind, which had been whistling through the thick boughs of the ancient pine since daybreak, had died down and the surrounding trees had ceased to sway. The air was motionless. Slowly, one by one, the inhabitants of the forest came down to the lake for their evening drink. A few jovial otters were sliding down the slippery bank and into the cool water. A sturdy buck broke through the underbrush and came down to the water's edge. A family of racoons was fishing at the mouth of the stream which bubbled through the forest and into the lake. A corpulent porcupine in full armour waddled over the beach to the edge of the lake. Suddenly all the creatures withdrew to a safe distance while a family of skunks came down the forest path in the traditional skunk fashion, in single file.

The sun was dropping lower in the sky and was rapidly nearing the horizon. The sky had turned a variety of golds, yellows, and oranges. Gradually the gold and orange were replaced by bright scarlet and deep crimson. The heavens were afire! As the sun sank below the horizon, it left the clouds rimmed with gold.

One by one, the creatures of the wild stole back to their native haunts to prepare for the fast-approaching night. The otters swam quietly to their burrow under the bank. From somewhere across the lake came the mournful cry of a loon as it rose into the air.

The sky was turning violet for the sun had now disappeared. The evening star appeared in the east, heralding the appearance of a multitude of pinpoints of light. Slowly the moon rose over the treetops, illuminating the entire scene, and throwing eerie shadows over the beach. Night had come.

WHAT CONSTITUTES REAL SUCCESS?

Is there really an answer to this major question or is it merely another one of those interrogative dilemmas such as, "Who came first the chicken or the egg?"

I have been subconsciously aware of its significance for several years and I feel that every youth should be. Before we enter the hustle-bustle of responsible adult life, we must make an attempt at answering this question, or else our lives might drift into a meaningless, empty chasm. Is success just the superior accumulation of material wealth, the satisfaction of physical frustrations, or the attainment of worthy goals set by a healthy, human conscience? The meaning of the word "success" for me is the last of these three conceptions. I shall now present my arguments to support this view.

Bill Smith, the average Canadian or American citizen leads a simple life. He spends eight hours at the office each day, and eats three full meals, and, although he might have a look of dismay when he reads about the Hungarian revolt in the evening newspaper, life is not treating him very badly. Bill Smith feels that he has made a success of his life—he has life insurance, a car, and a good home; he reads books, pays his bills as soon as he can, and goes to church almost every Sunday.

Then I must take into account the man who pursues a pecuniary existence. He is Mr. Tycoon, the man who thinks nothing of pressurizing the small businessman for the satisfaction of seeing his own net worth climb. Mr. Tycoon wears the expression of modesty and contentment for he considers himself the cornerstone of his community. Has he achieved that word "success?"

One can only base his idea of success from the examples of others. But in these two extremes of personality which have been created to serve as caricatures of Canadian life, I can see no example to follow. Both Mr. Smith and Mr. Tycoon have satisfied themselves (at least their external impression), but what contributions have they made towards making this world a better place for their children to live in?

The example which I have chosen to follow is that of the scientist, the artist, the teacher, the musician, or the United Nations delegate. These are the people whose lives have meaning, purpose, and reward! These are the people whose contributions shall determine the future of our civilization. Without them, there could be no culture, peace, inter-racial harmony and love. It is with very little hesitance that I conclude — these are the people who have gained "success!"

BRINGING UP BUDGIE

A few years ago our family, or rather my father, decided it would be nice to have a budgie bird. As it turned out the bird which we finally named Dicky had us. My father was head of the house no longer. We were all managed by a small green tyrant.

It all started innocently enough. After we brought him home Dicky played in his cage and listened patiently as we cooed "Pretty boy" and "Hello, Dicky" into his ear. When he had finally won our trust, he revealed his true character. As that bird flew out of his cage for the first time, our freedom went with him. He ate with us, travelled with us, and tried to break into our conversations on the phone with his own small vocabulary. Dicky's eating habits were unconventional to say the least. He preferred corned beef and salami to budgie seed. Any visitors we had would have to listen patiently with glazed smiles on their faces as my Dad raved about Dicky's accomplishments. Then Dicky was made to go through all his tricks from rolling a silver dollar around the room to knocking cutlery off the table. Now and again, my mother managed to get a word in edgewise about how hard the cage was to clean.

One day calamity struck. Dicky had disappeared! My father came home in the middle of the afternoon and a general birdhunt throughout the house was started. We never did find Dicky. He found us — at suppertime. We decided that he had a secret hiding place somewhere and that the smell of food had attracted him like a magnet.

Now, things have nearly returned to normal. Pood Dicky isn't a novelty anymore and besides, the people next door have a bird who can say the alphabet backwards.

WHY I LIKE SUMMER

I am an old man who has seen many summers. As I sit here, alone, in my solitude, I remember many wonderful summers with my children. I am now in the Autumn of my life, sitting here in my rocking chair on this porch. As I look out over the green and fragrant fields, it takes me back to my youth. Oh, the times I had, running, jumping and taking bunches of flowers to my mother whom I will never forget. The summer, like myself will soon die, but life will go on and summers will continue to be the adult of the child spring.

I have lived a long life, but it is still too short. Life piled on life is not enough. I have drunk life fast, and now I see the bottom of the cup. I have spent summers in all corners of this world. I have seen many things and all I have met is part of me.

Summer's beauty is killed off by the harsh hand of winter. It never lasts too long, just as life itself. This summer is the dearest to me of all the others combined; for it could very well be my last.

OUTSTANDING ART STUDENTS

It gives me very great pleasure to announce that Ed Jaster is the winner of REEVES & SONS LTD. ART AWARD for 1956-'57. For his outstanding contribution, Ed richely deserves this coveted prize which we have had for the fifth consecutive year. Ed spent about six months in all — from the preliminary sketches to the finished work of art—on a 16 x 4 foot mural, "Canadian Rockies." It is a unique effort of its kind by a single student in our Art Department, and is certainly a credit to the young artist and to St. John's. Ed has painted it superbly in exquisite colour, with an instinctive feeling for our spectacular and breathtaking Canadian scenery. This fine mural was commissioned by Mr. and Mrs. J. W. Beer, who are delighted to have it for their gracious home. Ed shows great promise of becoming a landscape painter, and plans to attend the University of Manitoba School of Art next year, to continue his studies.

Other talented members of the art class this year have been Jack Markle, Lawrence Gilmour, Barry Filbert, Margaret Wiesselman, Ernie Baumler and Anne Lindner, who is Co-Art Editor of the Torch. Jack will be presented with the CANADA PAINT COMPANY PRIZE, while the others will receive SPECIAL ART PRIZES.

Jack Markle has been a valuable member of the Torch staff this year in the capacity of Art Editor. For the past three years, Jack's work has been of a consistently high quality, including excellent posters, linocuts, stencils, and other assignments. As this goes to press, he is finishing a marine mural in oils—a special request from Mr. Laycup—on which he has been working, with Margaret Wiesselman and Anne Lindner.

In reviewing the year's accomplishments I would like to mention several worthwhile projects. A special request came to our Art Department for murals for King Memorial United Church in Elmwood. Four students did a very good job on three murals depicting Nativity scenes, and representing stained glass windows. The students concerned were Lawrence Gilmour, Al Parker, Ernie Baumler and Anne Lindner. A letter from the Rev. E. P. Johnson, Minister of this Church, expressed great appreciation for the donation of time and talent to a worthy community cause. He wrote that these

murals stood in front of the Sanctuary during the Christmas Season, and were being used in the worship services of the Sunday School.

Something new and a bit different was added to our growing collection of Christmas decorations and murals, in the form of a huge "HAPPY NEW YEAR" sign, approximately 10 feet high. Printed on it, was the familiar greeting in 27 languages, representing the nationalities of St. John's students, both past and present. Most of the work was completed by Rozin Iwanicki and Emil Starsiak who were assisted by George Doylend, Walter Senicki, Terry Lysaichuk, Lily Wong, Ken Miyanishi and Aaron Freeman.

Among the regular activities which go on in the Art Room during the year, is the pleasant task of designing posters and decorations for the Annual Tea in the fall. The theme was the "Circus" and the decorations were suitably carried out in keeping with this idea. Several excellent posters were designed by Al Parker, Lawrence Gilmour, Tom Pesclevitch and Lily Wong.

Another important event in the school year is the annual concert. Barry Filbert's design was chosen for this year's Programme Cover. Barry was also responsible for an interesting marine mural this year, which will be hung in the Library. The subject of this mural is a well painted "Clipper Ship."

As well as the senior students, some of the grade 9 students are deserving of honorable mention. These include the following: Lawrence Stoyko, Ed Prokopchuk, Fred Matthews, Eileen Zoellner, Richard Sachasky, Karen Borowski, Dennis Sichewski, Donna Haines, Barbara Rosenblat, Irene Lestyn, Jacqueline Zeiler, Barbara Hobart, Walter Kushniryk, June Ryk, Michael Bujaczak, Pat Kolsun, Sheila Davies, Jerry Bodner, Fred Pack and Emma Zawatsky.

On behalf of the Art Class, I extend hearty congratulations to the prize winners. To Ed Jaster go our sincere good wishes for every success for his future career in Art.

TIGERS FAIL TO ROAR

The 1956 edition of the St. John's Tigers, though overflowing with spirit did not have the experience or the finesse to cope with the other teams.

The Techmen, who were victims of five defeats, posted their only win in the final game of the season against Gordon Bell. The Tigers had their most dismal season on record. They did at times play like the Tigers of old, but these times were wide and scattered apart.

St. John's "perfect record" was marred by Gordon Bell! The Tigers, after losing five straight games, "trounced" Gordon Bell 20-15 in the final games of the season. The score was not a good indication of the game as Gordon Bell chalked up one of their touchdowns in the last seconds of the game. This proved to be St. John's best game of the campaign.

The Tigers lost a close game to Kelvin, 19-15, and only the clock stopped the Brown and Orange from coming through with another win.

In the annual Red Feather games the Tigers defeated Kenora 6-0, in a bruising fifteenminute affair.

The Tigers, though outclassed throughout the season, played the best football expected of them. The team was young and inexperienced and did not reach their peak until the tail end of the schedule. Players such as Kowalewich and Baluta, (co-captains), Barkman (St. John's only all-star), Fucher, Zione, Wicklow, Holt, Morgan, and Pronyk were mainstays for the team throughout the year. Buchalter and Zoralski, who joined the team late, played well.

Many thanks to Mr. Pastuck and "Tiny" Lucid who spent many hours coaching the team and made the season enjoyable.

TO ROAR

NEWTON HUMBLES TIGERS

Coming out of the first half with a 12-7 lead, St. John's looked like a winning team. The second half however, was fatal as Nor' Westers quickly scored two more T.D.'s. This strong second half outburst gave them the game by a score of 21-12. Saunders and Miller pulled in passes from the arm of quarterback Johnny Baluta for the Tiger points.

DANIEL OUTCLASSES TECH

It was all Daniel as they thumped Tigers 26-0. The game was exciting, and although Pastuck's men threatened many times, the scoring punch was not there. Liebrecht and Baluta showed well on offense while Fulchur and Holt were stalwarts on defense.

HORNETS DUMP ORANGE AND BROWN

Once again the Tigers were outclassed as Tec-Voc defeated our boys 32-14. Saunders scored one touchdown on a Baluta pass while Zione crashed from the six for the other major. Kuluk converted both. Kohn and Wicklow looked good on defense.

CRUSADERS MAUL ORANGE AND BROWN

T'was a sad day for the "Cats" as they were whipped 39-0 by St. Paul's. The Tigers, playing without the services of Saunders and Liebrecht, were unable to put together much of a scoring threat. Kohn, Kowalewich, Yamron and Buchalter were standouts on defence while Barkman, Doyland and Morgan played well offensively.

KELVIN EDGES ST. JOHN'S

St. John's game against Kelvin ended in a bitter victory for our opponents. The score, 19-14, indicates how closely fought the game was and if the clock hadn't run out we may have come out on top. Zione romped for two T.D.'s and both were converted by Kuluk.

TIGERS "TROUNCE" GORDON BELL

V-Day — St. John's wins! By defeating Gordon Bell in a battle of the Giants, the Tigers stepped out of last place. The score was 20-15. Zione cracked the line for two majors while Kuluk, who converted two, caught a 40-yard pass from Baluta for the other T.D. Barkman shone on defence, and Moriss at the right offensive slot, stood out as a blocker.

Seniors Fail to make Play-offs

St. John's Senior Basketball Team finished the year with a five and eight record. This was the first time in the past few years the seniors missed the playoffs. However, St. John's gave their opposition tougher competition than their record indicates. The team sadly lacked experience, but with a year's competition under their belts, the picture is bright for next year.

Tech split with Daniel Mac, defeating them in the first game but losing the second after putting up a game fight. Kuluk, with 16 points, emerged high scorer in the first game.

Kelvin swept two from St. John's. In the 1st game Morris, Kuluk, and Pesclevitch led the way while in the second, Kowalec, with 13 points, was the big gun. The south-enders showed too much strength under the boards for our team.

St. John's suffered a double loss to Churchill, eventual league finalists. Kuluk and Pesclevitch paced the team.

The team won two games from Lord Selkirk. Kuluk, with 21 points, led the team to a 53-41 win in the first game. He also paved the way in the second encounter.

The big games of the year were against Isaac Newton and Tech fell prey to Newton in both games by scores of 80-50 and 49-35. This occurred despite a fine team effort.

Tech Voc Hornets stung St. John's with a 40-39 victory. The second game was sweet revenge as Tech triumphed 74-51.

In their lone exhibition encounter, Tech defeated Miles Macdonell.

Jeam Slumps in Mid-season

Although the Juveniles did not win the championship, they played some terrific ball. Bolstered by one one returnee, the Tigers put up a great showing, even in defeat. In all, the team managed to split their schedule winning 8 and losing the same number.

The Juveniles opened their season by edging Daniel Mac. 36-34. Yacheson and Wood proved the best for Tech. However, Daniel Mac. overcame an early St. John's lead to win the return engagement. Tech handed Lord Selkirk two one-sided losses.

Tech handed Lord Selkirk two one-sided losses. Wood and Kronson led the point parade in the first game while in the second, Kronson, Gornstein, and Robinson paved the way.

Kelvin overcame St. John's in both games. In the first Wood played well, and in the second Gornstein and Kingsmill showed to advantage.

Churchill fell twice to St. John's. Gorenstein accumulated 18 points in the second game while Yacheson scored 15 in the first.

Our Juveniles were then defeated by Newton. In the first of these losses, Tech was badly out-played. However, the second game proved different, as Newton just managed to win in the dying moments of the game. Kronson and Dudar with 7 and Gorenstein and Fulcher with 10, were the top scorers.

St. John's split with both Tev-Voc and Gordon Bell. The team lost the first games of each set but came back to take the return encounters. These games were strictly a team effort.

In the exhibition games, West Kildonan fell to St. John's, but East Kildonan reversed the decision.

Congrats to "Mike Robinson" who played brilliant ball throughout the season, and was chosen to the alternate city all-star team.

Juvenile B's Give all

The Juvenile B team, which was formed to permit boys who otherwise would not be playing High School ball, to play organized basketball, was reorganized once more. Despite the fact that this year's team lost all their league games, the players had an enjoyable season. They managed one victory, a thrilling 46-35 win over Lord Selkirk, in an exhibition game.

Throughout the season the boys performed to the best of their ability, but despite their driving efforts, they suffered setback after setback against stiff competition. Most of the losses were suffered in the dying moments of the game. An

Grade 9 Basketball

St. John's fast moving Grade 9 team was one game over the 500 mark in league play, losing 3 and winning 5. The team was led by Fred Pack, Marvin Mogul, and Henry Fuer who averaged 5, 5 and 9 points respectively, per game.

St. John's started the season by beating Luxton twice, 14 to 8, and 36 to 26. Right after the Luxton series, the team hit a slump losing 36 to 21 to Cecil Rhodes, a real close one to Aberdeen, 32 to 30, and 36 to 20 to Andrew Mynarski.

example of this occurred in the second game of the season against the Orioles. If the decision had been reversed the team might have attained much greater heights.

Mr. McPherson, our coach, tried his very best to aid us throughout the season, and tried to acquire more practice time for us. To convey our feelings and appreciation for his efforts, the team presented him with a sweater, thanking him for his unequalled assistance and skillful coaching.

Although we did lack the essence of height and speed, the team had some outstanding players. These include Captain Dave Applebaum, who was the team's high scorer, Ken Einhorn, Winston Wolfman and Gerald Wexler.

Seniors Come Close

The Seniors, under the capable coaching of Mr. Popeil, put up a staunch fight throughout the year.

The team easily conquered Tec Voc in their first game 3 to 1 on goals by Pesklevitch, Gilmore and Nefches. St. John's then edged Lord Selkirk 2 to 1 on 2 late goals. Tec Voc was again overcome by the Techsters by a 2 to 0 score. Nelson and Nefches were the goal getters. The north division playoffs were then started and in overtime Tech was held to a one-all tie by Lord Selkirk. Pesclevitch scored the only goal. In the second game, which also ran into overtime, St. John's

managed to tie the game in the dying moments when Smallicoff came through in the clutch. Pesclevitch and Gilmore scored the other goals. The final game of the playoffs was played on a snow covered field and again at the end of overtime the score was tied. Nelson and Smallicoff played brilliantly, while Koven, who shone throughout the season maintained his steady performance. Due to the coming of winter, the championship had to be postponed until spring. In May, the two teams met again. In a close, tense game, Lord Selkirk defeated our boys 1-0.

Juniors in Finals

St. John's junior soccer team enjoyed a very successful year. The race for league honors was very close this year. St. John's and Daniel Mac finished the season tied for first place with an identical for and against goal average. Mistakenly Daniel Mac was declared league champs.

After some investigations, league officials realized a mistake had been made and a sudden death championship game between St. John's and Daniel Mac had to be played. The

Room 17 Wins Inter-Room Soccer

Room 17 swept all laurels in the Interroom Soccer League. They defeated Room 40, 2 to 1, Room 36, 4 to 0, Room 18, 1 to 0, and Room 5, 5 to 0. Room 17 combined a good fast-passing forward line with a solid defense to account for their wins. Dan Burk was particularly outstanding in goal giving up only one goal all season.

Room 5 made the best showing of any grade ten room. By defeating all grade ten opposition, Room 5 earned the right to meet Room 17. However, they were defeated 5 to 0.

Room 40 a Senior Champs

Led by two six-footers, Kawalec and Mac-Kinley, scooter Dubovsky, all-star Kuluk, quarterback Baluta, and aided by Ziyone, Room 40A overwhelmed all opposition. Their only defeat came from the hands of Room 18 in a league game. During the schedule Room 40 used little of their potential power but in the finals they went all out against the powerful Room 17 team. During the series, all around team effort proved the margin of victory for Room 40.

The younger Room 39 team proved no match for the might "four" in the eventual senior division final and Room 40A easily won the championship.

Room 15 Junior Champs

In the Junior Boys' House League, the laurels went to Room 15 who swept through an undefeated season. Room 15 met Room 13 in the semi-finals. Room 15 won the semi-finals by a sizable margin but Room 13 went down fighting. In the finals it was Room 15 over Room 5. After winning the first game by the small margin of 3 points, Room 15 served it up by doubling their score in the final game, winning 15-5. Playing outstanding ball throughout the campaign were Benson Wincure and Bob Kingsmill.

HIGH SCHOOL CROSS COUNTRY

Left to right: Bob Lithown, Len Wardale, Glen Wood.

With the advent of autumn the High School trackman turned their talents to another season of cross country running. The scene of the first five races was beautiful Kildonan Park while the last run was in Charleswood. Every High School was well represented and in each race one was certain to find a sizable number of athletes in brief attire, despite discouraging temperature. Danial Mac repeated their coup of the previous year.

The main burden fell on Len Wardale and Bob Lithown but they were aided by Glen Wood and Bob Kingsmill. Len Wardale, although one of the youngest competitors, always came up with a consistent performance. Despite a small team the Tigers were usually able to appear in the first three. This sport has become a permanent fixture of high school athletics, and St. John's, with some serious planning, can most certainly overthrow Danial MacIntyre's monopoly of the trophy.

The St. John's grade nine soccer team had an interesting and fairly successful season. They finished their league play in the north division holding down second place.

St. John's won 2 out of their 3 games. In the first contest the Tigers completely outclassed Andrew Mynarski as they walloped them 5 to 2. In their second win St. John's defeated King Edward 3 to 1 in a hard fought game. However, they were edged out by Cecil Rhodes, 2 to 1. This accounted for their only loss.

This year's team was one of the more experienced teams in its league. Outstanding defensive players were Sumter, Drybrough, Feuer, and Koley. Offensive stalwarts were Johnson and Hauser. The players would like to thank Mr. McPherson for a job well done.

Juniors Reach Finals

After many strenuous practice sessions, the Juniors were able to obtain almost perfect volleyball form. Even though this form was well demonstrated in their first game, their desires to win were subdued by tough opposition from Kelvin.

However, this defeat did not dampen our Juniors' spirits. Instead, they showed a sudden spurt of their will to win and defeated all of their remaining opponents, thus reaching the finals.

In the finals, they were faced once more with a grave problem — Kelvin. Once again fortune did not fall into the laps of our Juniors. In the final game for the city championship, they were defeated by the strong Kelvin team.

Many thanks to the coach, Miss Ritchie, for producing such outstanding players as Madeline Keryluk (captain), Lorraine Dudar, Bernice Chura, Lorraine Huzel, Carol Schettler, and Heidi Querengesser.

Seniors Show Spirit

Despite the skilful guidance of Miss Ritchie and vigorous practices, the Senior girls had the misfortune of not winning a single game all season, even though they did come exceedingly close a number of times. They ended up the season with seven losses and no wins.

The Seniors put on their best performance against Daniel Mac., when they were squeezed out of winning the game by a mere two points! This game proved to be the most exciting one our Seniors played during the season.

Every game was sparked by the superb playing of Lois Cindler, who along with Ruth Anhang, Carolyn Reid, Joanne Kucher (captain), Ann Wityshin, and Donna Andrusiak, made up the core of the team.

The girls would like to extend their thanks to their coach, Miss Ritchie, for all the time and help she gave them.

A well-deserving team from Kelvin won the City Championship this year.

BASKETBALL...

Seniors Miss Play-Offs

After putting up a good fight, the Senior Basketball team ended off the '57 basketball season with 2 wins and 5 losses. The team was at a disadvantage in that there were no returnees from last year's squad. But this did not dampen its spirits.

The first victim of the Tech cagers was Lord Selkirk. Led by Joanne Kucher, Tech overpowered them 22-6.

The second victory was against Churchill. At the end of the third quarter, Churchill was ahead 18-14. However, during the last minutes, the Seniors led by Ruth Anhang, came from behind to win 25-22.

The top players for the Seniors were guards: Ruth Anhang and Marcia Hares; forward: Joanne Gucher, and centre, Eleanor Milovitch.

Many thanks to Bob Kingsmill and Tom Pesclevitch for their capable coaching, and to Miss Knapp for managing the team.

Junior City Champions

When at last the basketball season rolled around our team attended many feverish practice sessions in order to get into perfect form for the first game of the schedule.

The results of the first game proved that all those practises were not in vain. Nor did their enthusiasm die after the first game; for the Orange and Brown proceeded to down all their opponents without much difficulty. After defeating Gordon Bell, two quick victories were scored over Lord Selkirk and Tech Voc. After getting by Daniel MacIntyre, the Juniors romped over Kelvin, Isaac Newton and Churchill. Finally, having overcame all opposition, our Juniors were crowned city champs.

Many thanks must be given to Miss Ritchie for her helpful guidance and encouragement during each game, and to our capable coaches, Bob Morris and Alex Kuluk.

Such players as Lorraine Dudar, Donna Stone, and Madeline Kerlyk were great assets to the team.

Room 27 B Wins, Basketball.

In January, the sports spotlight was on Inter-Room Basketball. Once again a powerful junior team from Room 27 dominated the sports' scene. Room 27 became the Inter-Room Basketball champs as they finished the season undefeated.

The Senior division winners was a fast quintet from Room 16. They managed to finish the senior schedule without a single loss. They therefore met the Junior division leaders, Room 27B, in the last and most important game of the season. Room 27B, emerged the victors after a fast-moving game in which they defeated Room 16 by a score of 14-8. Vera Stoyko and Madeline Keryluk were the high scorers for the champs.

Room 27 A Makes History

We are proud to present to your our 1956 Interroom Volleyball Champs—Room 27A. The girls on this sensational Grade X team, passed, served, and spiked their way through eight consecutive wins and a perfect season by defeating Rooms 28, 33, 35, 13B, 15A, 23, 27B and 12.

In the Senior schedule, Room 12 became the Champs, when at the end of the season, they were the only team with not more than one loss. The entire Senior schedule was hard fought and most of the games were either won or lost by one or two points.

The final game for the Inter-room Championship, between Room 12 and Room 27A, was one of great anxiety for both teams. After a tense and strenuous struggle, Room 27A came out the victors by a score of 28-21. Congratulations to both teams for their fine showing.

Grade Nines City Champions

Under the combined effort of Mr. McFarlin Madeline Keryluk, and Lorraine Dudar, the Grade IX Volleyball team won the City Championship.

In their regular division games, the team won five games and lost one against Luxton, which put them in a tie for first place. In the play-offs, they defeated Luxton to become Division Champs.

The girls were well on the road to the city championship as they defeated Cecil Rhodes and Aberdeen to get into the City finals. In the finals they met Churchill. With both teams trying their very best, the entire game was: "nip and tuck." In the end though, our girls came out on top with a score of 54-39. Congratulations girls!

The outstanding members of this team were: Beverly Woytyshyn, Marianna Musick (captain), and Jeanette Karpynka. Thanks are also due to the scorekeeper, Rochelle Karp, and the timekeeper, Marianne Elliott.

HOLIDAY TOURNAMENTS

Boys Show Up Girls!

History was made as the first High School Boys' Volleyball tournament was held. St. John's began immediately to organize a strong team and the was cry was "show up the girls.

The games were held during Christmas Holidays and St. John's came out victorious. Five teams were entered, one each from Viscount Alexander, Tec-Voc, St. James and West Kildonan. A round-robin series between the five entered teams took place and competition was keen. St. John's beat Viscount Alexander, Tec-Voc, and St. James in two out of three games in each case. The Tigers then went on to defeat West Kildonan two games straight. This gave them the championship. The boys were coached by Russ Pastuck.

out Tournament. This tournament excludes all boys who have played on a varsity team during the year. St. John's won their first game by default as Lord Selkirk failed to show up. In the second game, led by Mogul and Sumpter, Tech defeated Churchill 16-13 in a thrill packed game. St. John's was then pitted against Daniel Mac. for the championship. The Macmen completely overpowered our team to the tune of 47-19.

Jeam Managers

Many thanks are extended to the managers of the various athletic teams without whose help the season would not be a total

Allan Shinfield, Bill Kauffman and Len Wardell handled the equipment for the Tigers while Steve Kawalec was "R.P.'s" main spotter. Richard Bachonka also helped out with the football squad, (in the water department).

The Kolt twins handled the timekeeping and scoring for the Basketball teams with Bob Dudar also helping out. George Doyland and Jack Ziyone were Mr. Pastuck's righthand men with the basketball equipment.

GOD SAVE THE QUEEN

VALEDICTORY

Mr. Ridd, Mr. Hansen, Parents, Teachers and Fellow Graduates:

May I express my sincere thanks to you who selected

me to deliver this valedictory address, and to venture the hope that what I am about to say on this momentous occasion will express your thoughts and feelings.

Lord Byron aptly exclaimed that farewell is "a word which must be and hath been, a sound

which makes us linger."

As we linger here now, on the day of our graduation, memories of our life at St. John's flash through our minds in a frenzied onrush. We remember the day when we first entered Tech as timid freshmen, unsure and unaccustomed to our new surroundings. Gradually, we got to know the school and acquainted ourselves with our new classmates. We recall the various extra curricular activities — the gymnastic club, the drama club, the yearbook, the student council, the class elections, the football games, the field days, Christmas Cheer, and the Freshie and Sophomore Dances. Now we are beginning to realize how much these activities have helped to mold us into what we are — how much they have contributed to our physical, mental, and social development. Through our extra curricular activities, we have acquired new friends, gained new skills, and learned the values of co-operation and tolerance. We have learned to live harmoniously with our fellow students as Canadians regardless of their racial origin, colour, or creed. Most of all, we realize that we have learned of the great ideals and beliefs of mankind; we have learned to appreciate the physical world around us; we have increased our power of literary expression; and we have learned something of the motives that govern the actions of men.

These have been our gains while here at St. John's. It is, therefore, fitting that we pause now to express our gratitude to those who have made our achievements possible. First, we should acknowledge our appreciation to the community which in the true spirit of democracy, has made education available to all of us — a privilege often taken too much for granted. While we realize our indebtedness to the community we are particularly grateful to the men and women who have worked with us from day to day trying

to mold us into better citizens.

You probably all know the story of Michaelangelo who took a rough piece of marble and transformed it into the famous statue of David. This masterpiece was the result of the sculptor's skilful and patient hammering and polishing to bring out the latent beauty of the marble and give it shape.

It would be an exaggeration to pretend that we are finished products comparable to Michaelangelo's David, but we are aware that the progress in our development is largely due to the efforts of our sculptors — our parents and teachers.

We all know how inadequate words are to express our innermost thoughts and emotions. As one of our great poets well said:

"There are billows far out on the ocean Which never break on the beach, So waves upon waves of emotion Find no expression in speech."

However, I believe all the graduates would want me to assure you, our parents and teachers, that we feel deeply thankful to you for your unselfish devotion, your constructive criticisms, which at times were so rebelliously and foolishly resented, and your enduring patience, all of which are not and will not be forgotten.

Douglas Mallock once said, "Culture is the power which makes a man capable of appreciating the life around him, and the power of making that life worth appreciating."

Fellow graduates, our parents and teachers have helped us to appreciate the life around us. Now, as we go out into the world, it is our responsibility to make that life worth appreciating. Up to now, we have been receiving. Now we must begin giving and take our places in the community as young men and women. We must accept our new obligations willingly and go out into the world dedicated to live up to the principles which have been taught to us.

Regardless of what station in life we occupy, we shall find opportunities to apply these principles. We shall have the opportunity to help build a better Canada; the opportunity to help those in need; and the opportunity to practise tolerance and good-will towards our fellowmen.

Whether or not we take these opportunities is up to us; it is our decision. Are we going to make the right choice? Our actions will supply the answer — the answer which will subsequently determine how great an influence St. John's has had on us there past two or three years, the answer which will unconsciously express the true gratitude to our parents and teachers.

Let us resclve on this our Graduation Day to live a life of service to mankind and thus remain true to the high aspirations and traditions of St. John's.

-RALPH SMALLEY.

MARTIN LEVIN . . . Marty and Miss Ross belong to a "Mutual Admiration Society"! When he shows up at school, his favorite theme is "Blue Monday, Tuesday, Wednesday, etc." Another fast-oops hard worker of XI-37, Marty's pet peeve, pet hate and pet,—is women.

PHYLLIS LICHTER . . . Phyllis is the cute red-headed chatterbox of XI-37. She's a sure cure for the Monday morning blues with her flashing smile. Phyllis plays a major part in the choir and orchestra, and is a member of the Techonian staff.

EVELYN MALIAN . . . Evelyn is active in everything from the dance group, to the choir, to the Techonian, to keeping "Dentyne" in business, to ad soliciting, to getting 80 averages, etc., etc., etc. But as for studying, she says, "To Hecht with it!"

DAVID MARGOLIS, ESQUIRE . . "Dudy" excels in everything from dancing, to jcking, to sports. He's an example of a Before and After guy. Before exams—"Singin' the Blues," after exams—"Countin' his Blessings." Dudy drives to school everyday in his '52 model . . C.C.M.

LORRAINE MARME!... A real good kid, Lorraine volunteered her house for a class party. Noted for her fine habit of losing text books, Lorraine can generally be found under desks, at the Lost and Found, and just plain looking.

ELEANOR MILDVITCH . . . This girl puts her long legs to work in Inter-High Volleyball and Basketball. She is also a file leader, and a good one, too. Eleanor has many cutside interests which are _____ not to be noted by request.

SONIA MONIS . . . Our cute import from Flin Flon is a regular in the noon hour kibitz group, where she contributes her share of gessip and utter nonsense. "Sunny" is an ardent curler who flies off with her broom on Mondays after four.

HARVEY RESNICK Harvey has good reason for skipping classes, he's Editor of THE TORCH. Harvey is Junior Executive for Eaton's—all this and good marks too! When not in the Torch Room "thinking," he can be found laughing at jokes (especially his own).

ESTELLE ROSENBAUM . . . "Tzivie" is Room 37's greatest "helper-outer." She can be seen dashing down the hall with another of her cartoons for the Techonian. She has a beautiful voice and is an asset to all Miss Knapp's choirs.

ROCHELLE ROSENBERG . . Here is the girl who's always smiling, even after reports. With her marks who wouldn't? Rochelle works on the Techonian and TORCH. She even sold twenty tickets to the School Teal She's in the drama group and makes with the broom for curling.

JOANNE ROSTECK . . . Joanne has often sung "O Canada" with Mr. Romanow at 9:02 in the morning. She has the cutest pony tail in the room and is a member of "THE trio." Tiny Joanne makes a terrific file leader and is an all-round swell kid.

CAROL SHELL . . . Room 37's willing Techonian Rep, (willing to give the job to somebody else) is really active. When she takes time off from her violin, it's to flee from orchestra, to dancing, to typing for the Techonian. She laughs at all jokes, especially those she understands.

MAXINE SHELTON . . . Maxine is usually studying (what?), working (when?) and just relaxing (all the time). Max's life centres around school, at the drug store and the library. Though she works at the library, our Max is far from being a bookworm.

MARCIA SHUCKETT . . . Room 37's little Pixie, Marcia is one of the cutest kids around. She must be furthering U.S.-Canada relations with those letters across the border. She pops up in choirs, dance groups, the school newspaper, and in the halls.

ELAINE SILVERMAN . . . On the Techonian, in the dance group, in the choir, and on the ball, this kid doesn't need any s"Martin"ing up! She's Co-Editor of THE TORCH Write-ups.

RALPH SMALLEY . . . Ralph, who is the smallest fellow with the largest voice in "The Room," can constantly be found testing his vocal chords. His greatest contribution to school welfare this year was being Business Manager of THE TORCH.

DALE SMITH . . . Dale belongs to B.B.G. A brains and beauty girl, this doll edits the Techonian and plays on the Senior Inter-High Basketball team. She manages to appear in choir, dancing, and drama groups.

MANLEY SPIGELMAN . . . Manley may be a member of the "Saints" (singing quartet) but he's no angel in school. Manley can be found at the back of the room, outside of the room, or outside the school. He's a faithful choir member.

RICHARD WAZNY . . . A traitor to the cause, Rich comes to school to work. Rich who is ambitious both in school and out, is liked by all students and teachers. He is the kind you like to have around.

SAM WILDER . . . Our joker-secretary is "Sura-Freida" nothing. Besides fighting with Martin, telling jokes, arguing with Miss Ross, and making out the attendance slips, Sam spends a quiet day at school. Pet peeve—desks are built too close to him.

JUDY WOLCH . . . Short and snappy, that's Judy. A little girl who handles big jobs well, Judy is Associate Editor of THE TORCH. She was unanimously chosen "Girl with the Flashiest Knee Highs!"

NELSON ZAGALSKY . . . Nelson, our import from south of the border, is recognized by his Brooklyn accent. His interests include physics, girls, maths, girls, and members of the opposite sex. This American is the only boy in the room who knows Canadian History.

CAMERA SHY

ROOM 36

ROSALYN ROSEN . . . Rosalyn came to us after Christmas from Kelvin, the southerners' paradise. It did not take her long to get used to the civilized ways of Room 36. Her favorite expression: "It was never like this at Kelvin."

ROOM 16

BILL WICKLOW . . . "Wass," who is our contribution to the football team, is quite a lad. He played hockey with the Monarchs and also lacrosse. As a result, he is the proud owner of several jackets.

ROOM 17

BILL MYHILL . . . Bill is another quiet, conscientious student who posseses a rate sense of humour—very rare. We are sure he will end up being a circus clown. Bill is a staunch supporter of "Club Salter Drugs."

School Song

Just in case you might ever forget:

JERUSALEM

And did those feet in ancient time Walk upon England's mountain green?

And was the Holy Lamb of God On England's pleasant pastures

And did the countenance divine Shine forth upon our clouded hills?

And was Jerusalem builded here Among those dark, Satanic mills?

Bring me my bow of burning gold! Bring me my arrows of desire!

Bring me my spear! Oh clouds unfold! Bring me my chariot of fire,

I will not cease from mental fight, Nor shall my sword sleep in my hand

Till we have built Jerusalem In this our green and pleasant land.

Ki, Yi, Ki, Yi, Ki Yi Yip! St. John's! St. John's! Zip, Zip, Zip! Are we in it? Well I guess! St. John's! St. John's! Yes! Yes! Yes! O, for Orange, B, for Brown, St. John's St. John's! Beat 'em all around! S-T-J-O-H-N-S! St. John's!

... copper money

Included in our Historical Exhibition is one of the hand-beaten copper plates (2'6" high x 18" wide) which were used by the Pacific Coast Indian Tribes for barter purposes. At the potlatch in honor of a dead chief, one or more were broken and thrown on the fire or into the sea. In 1895 this particular copper had attained the value of 2000 blankets. There are many fascinating objects of historic interest in our Exhibition, on the Fourth Floor.
